Extended GUIDELINE FOR 'ASSAM DARSHAN'
For selection of Namghars

This year, another important component of Assam Darshan was introduced in the Hon'ble Finance Minister's Budget Speech. Rs. 2.5 lakh will be allocated to each of 7000 Namghars @ 55 per LAC across the state, which are at least **50 years old**, to improve their physical structure.

Deputy Commissioner will select 55 Namghars per LAC within a month preferable by 1st week of September, 2020. Deputy Commissioner will exclude all those religious institutions to which a grant of Rs.10.00 lakh has been provided in 2019-20 under Assam Darshan. The entire exercise should be done through a transparent method by observing the following indicators:

- (i) Preference will be given to the Namghars as per their historical importance and year of establishment, i.e. oldest one will get precedence over the new.
- (ii) Namghars which are popularly/traditionally known as Namghars in Assamese society are considered as community centres aimed at uplifting social lives and celebrating our culture. As such, in the definition of Namghar no other religious institutions like temple, mosque, church, etc. should be included. It should be confined strictly to the Namghars traditionally known in the Assamese society.
- (iii) While selecting the Namghars, Deputy Commissioners should prioritize those which are situated in SC/ST population dominated villages as people living in the vicinity of those Namghars have limited resources of their own to develop them.
- (iv) The preference should also be accorded to those Namghars which are frequented by large number of pilgrims for their historical importance and spiritual beliefs. Development of infrastructure of these Namghars is also important for attracting large number of tourist/pilgrims.
- (v) The views of local MLAs/MPs and Chairman, Zilla Parishads will also be duly considered while selecting these Namghars.

Deputy Commissioners should ensure that provision for maintenance of these Namghars will be in consonance with the respective establishment.

Implementing Agency:

The scheme will be implemented by the construction committee constituted from Institutions, Trusts, Samitee etc. under the supervision of Deputy Commissioner. And the Committee will be accountable to the district authority to audit and accounts. Completion of works should be certified by the technical officers of the Implementing Committee concerned. The D.C. will constitute the Construction Committee where one Govt. servant will be either President or Member Secretary. A Technical member will be nominated from Deptt. Other Members can be from Managing Committee of the said institution.

Fund will be released to the D.Cs concerned and they will transfer the amount to respective construction committee of Namghars.

All other aspects will be covered as per original guideline of Assam Government issued by Transformation & Development Department.
